DESIGN AND CLEANLINESS COME TOGETHER IN THE RIMLESS SYSTEM

Safeguarding and maintaining the cleanliness of your home starts with your bathroom. RIMLESS is innovative system to improve hygiene and cleanliness of toilet. The removal of the rim ensure higher standards of hygiene as the water flushes evenly inside the toilet, easily sanitizing the whole surface. The shape of rimless toilets enables the water to flow easily and powerfully to remove grime and bacteria, it prevents annoying splashes and drastically reduces water consumption. In addition, the noise emitted by the flushing mechanism is considerably reduced.
